DECENTRALISED OFF RAMP

INTRODUCTION

The only accessible
way to do so is
through a CEX.

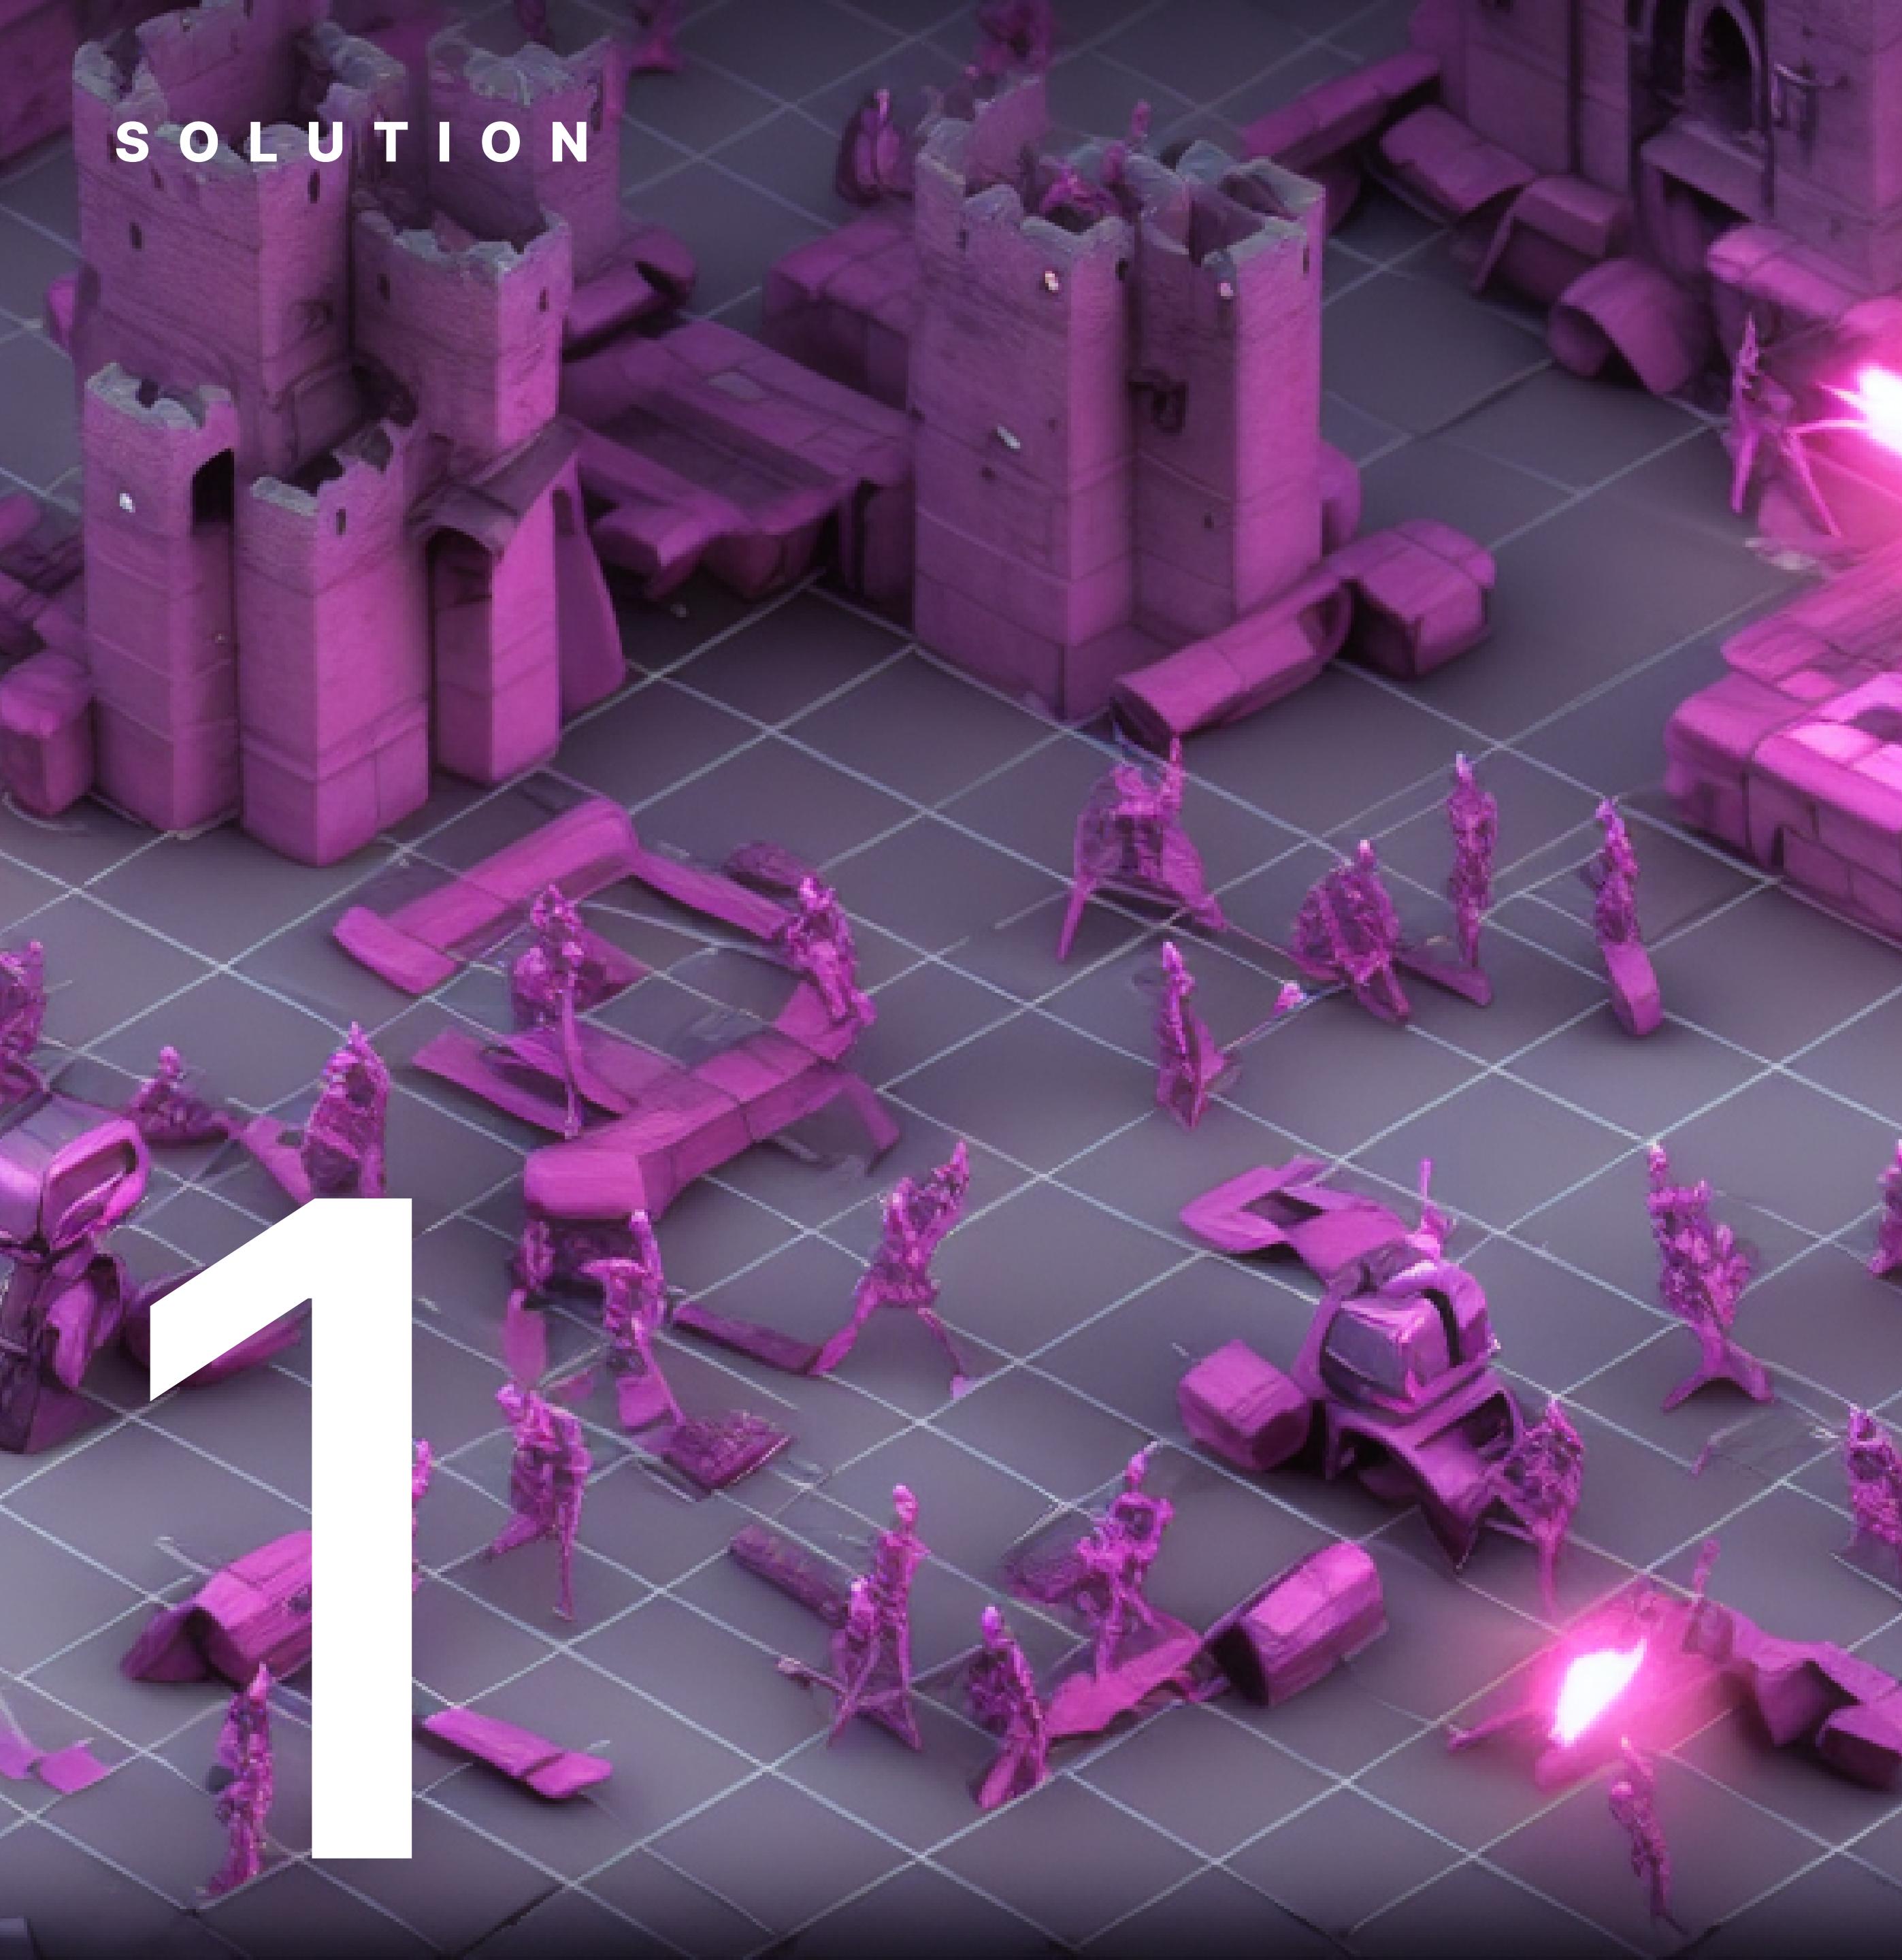

HOW IT
WORKS

Automate

offramps using a

decentralized network.

SOLUTION

THE HOW

Applying an AMM like process...

...to both onchain &
offchain assets.

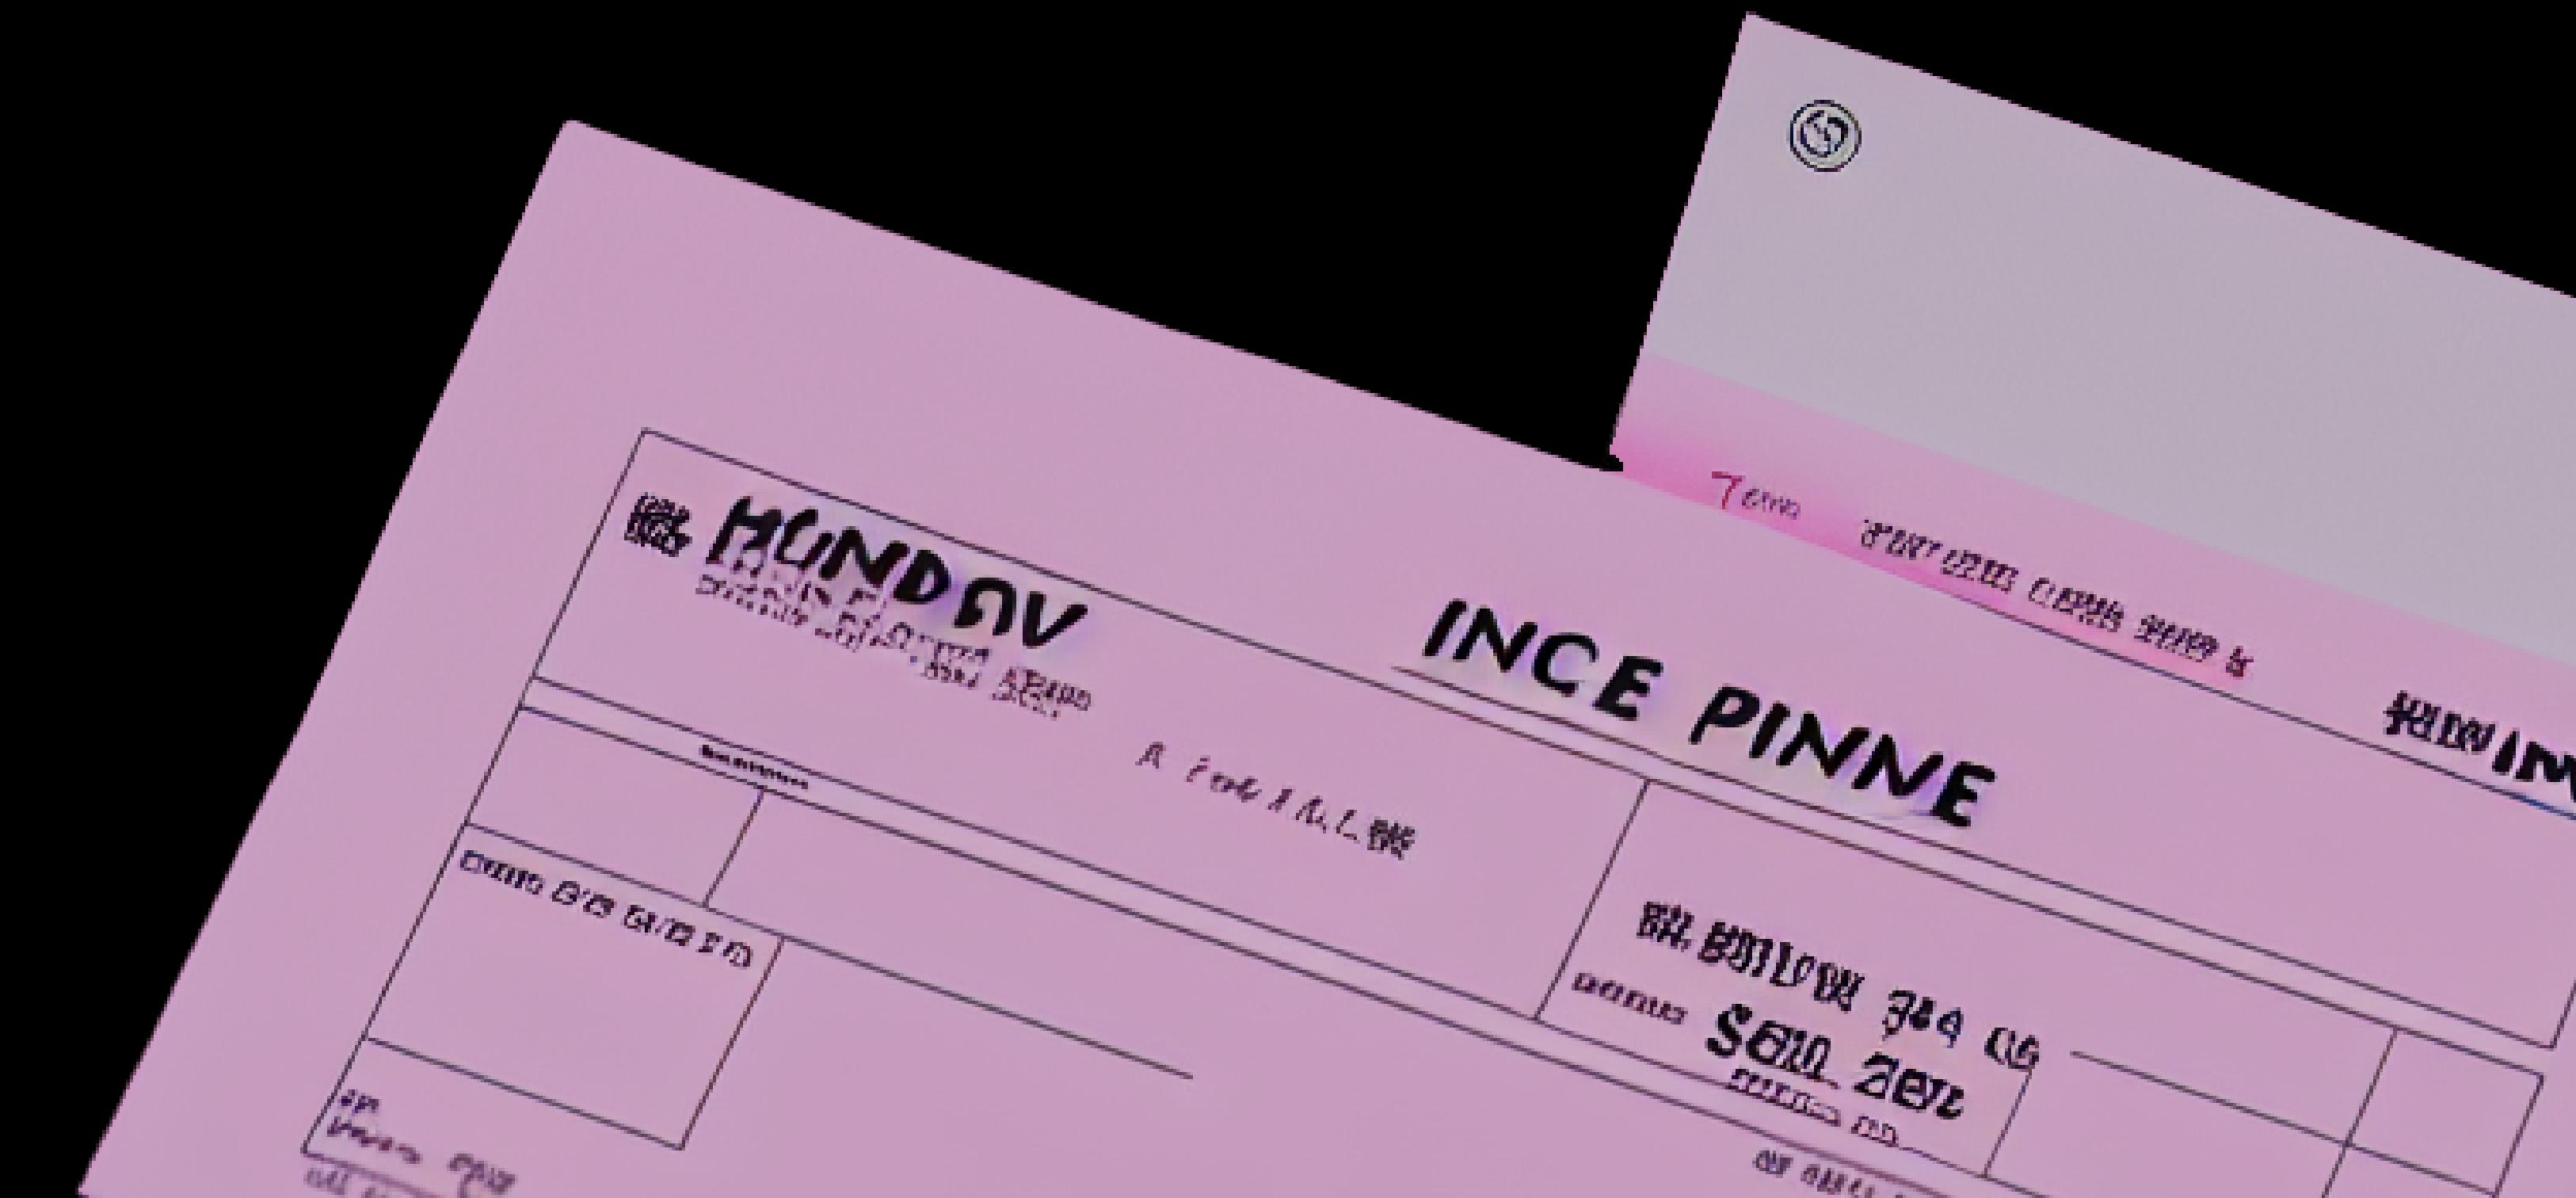

2

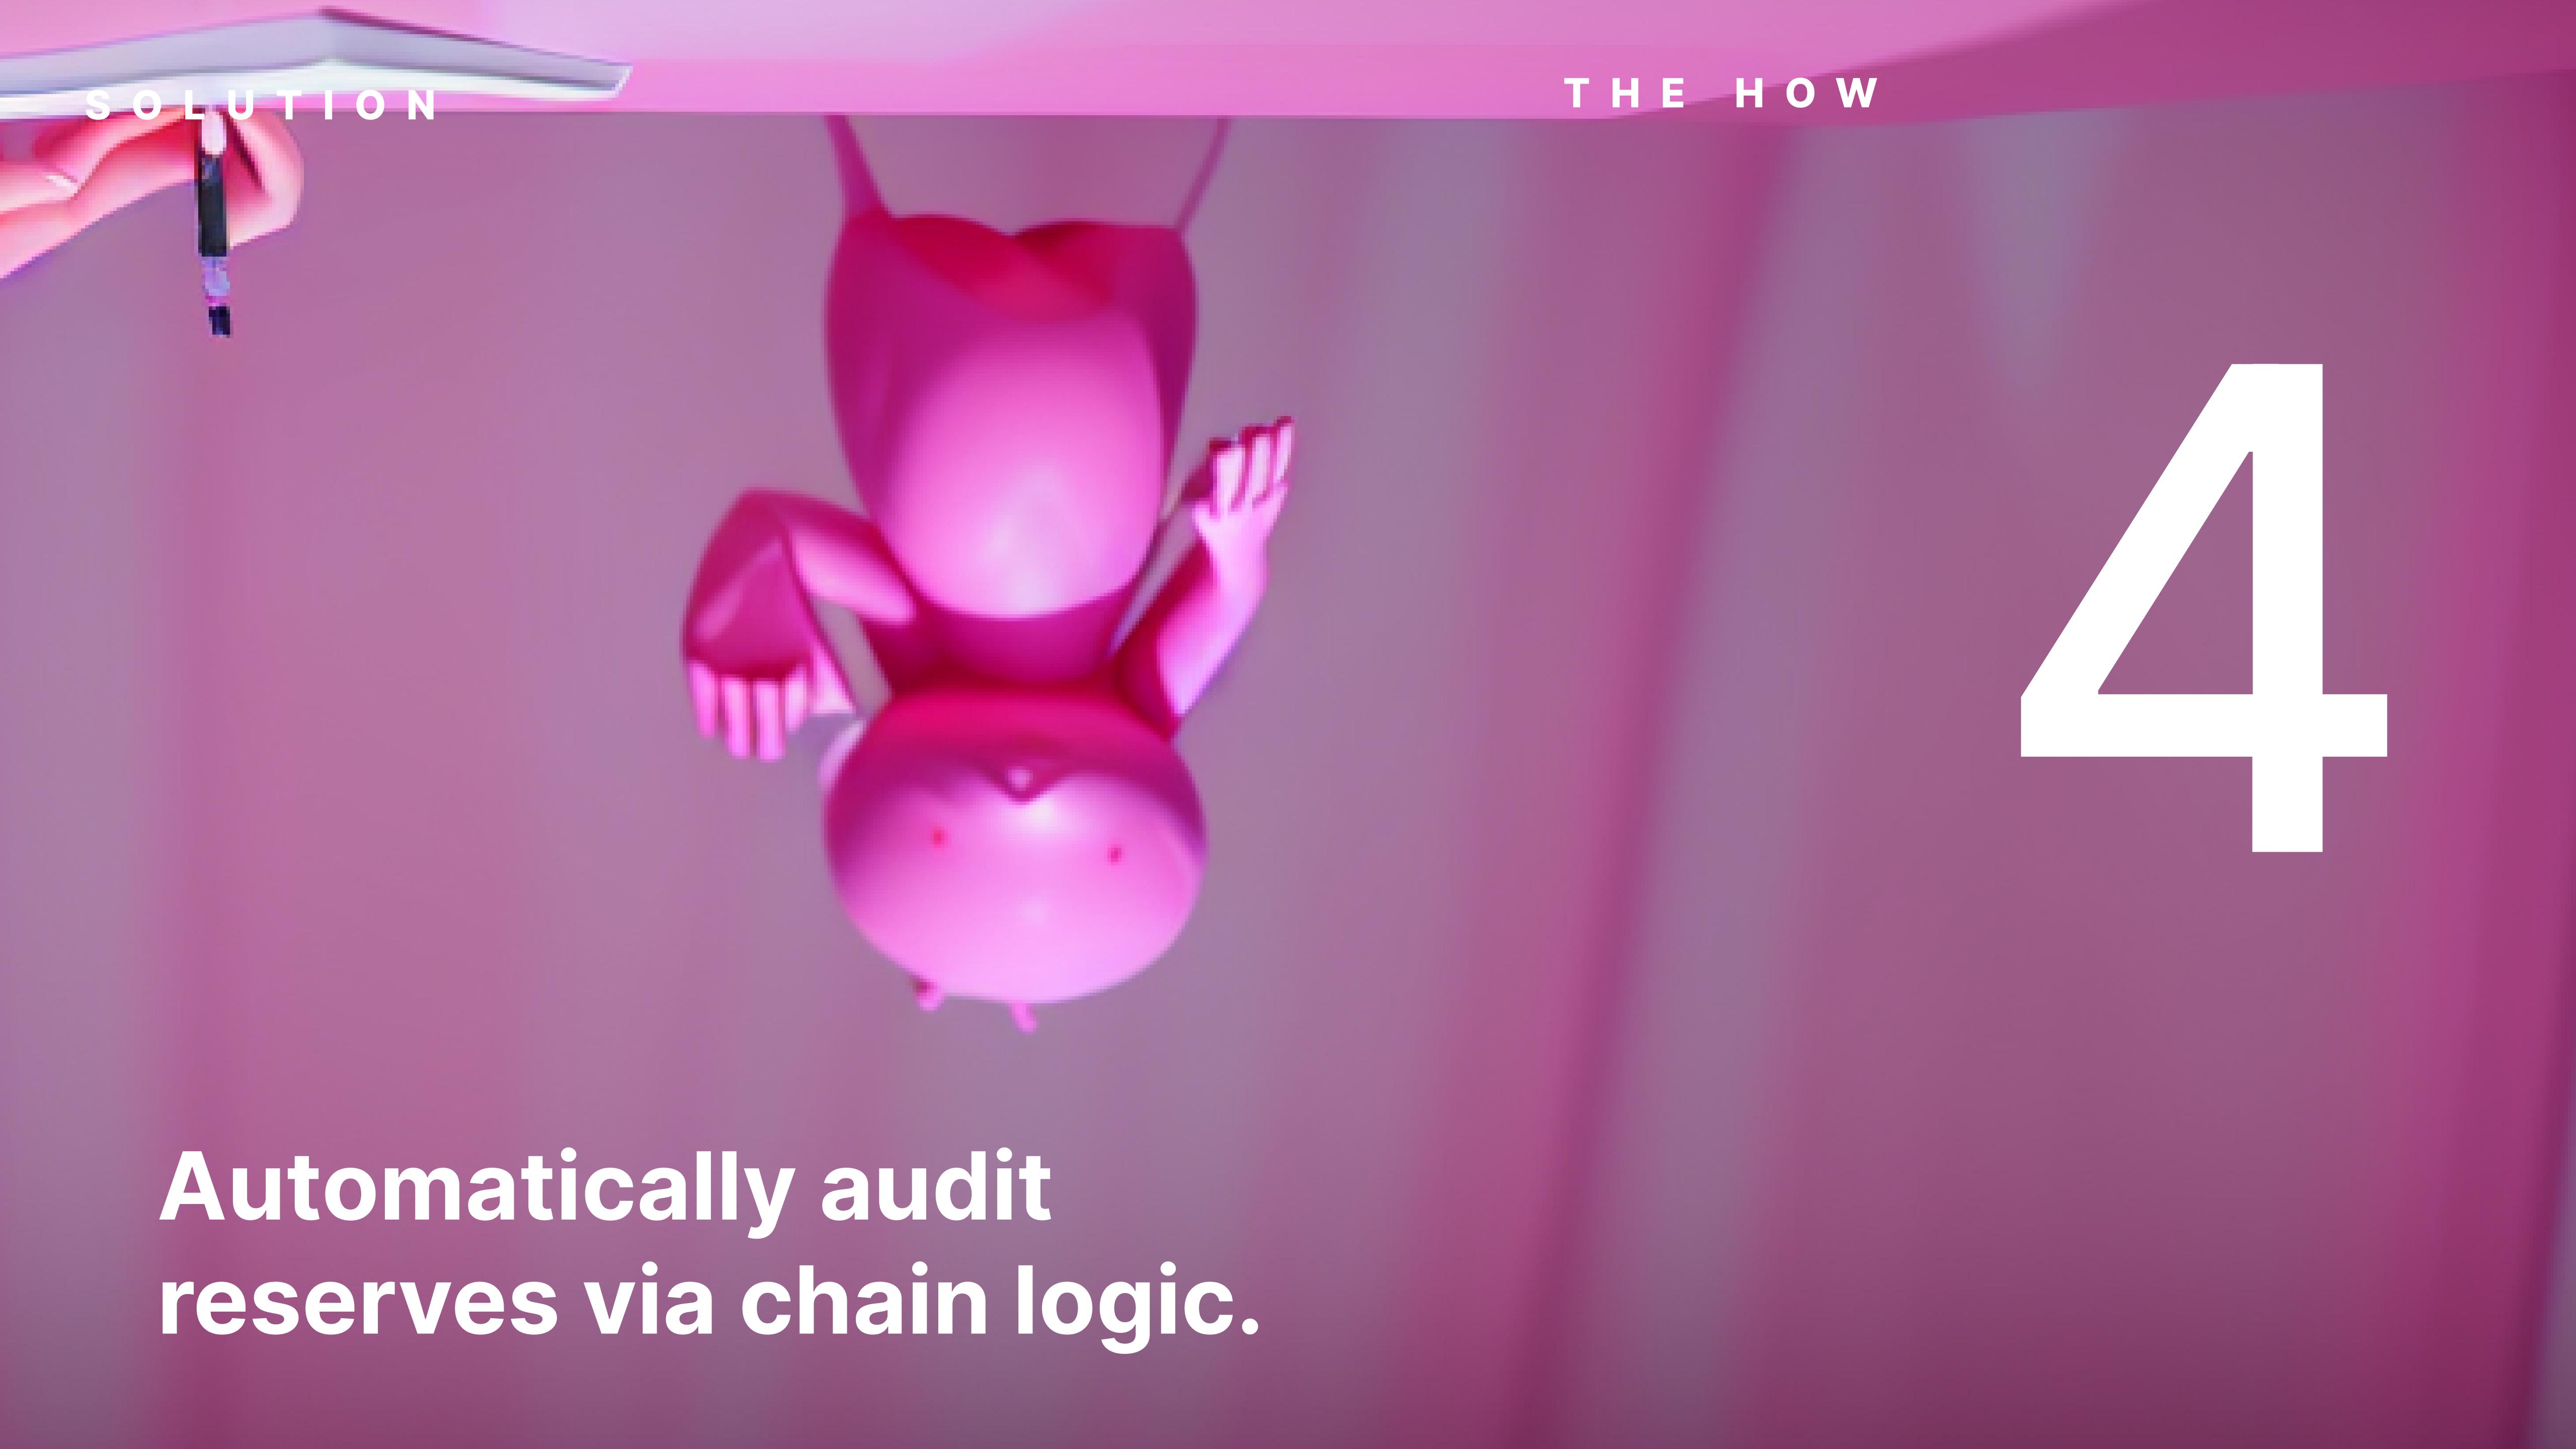

We require collateral for liquidity providers claiming to hold offchain assets.

Simplify the process for liquidity providers using "invoices" and a user friendly dispute resolution system.

3

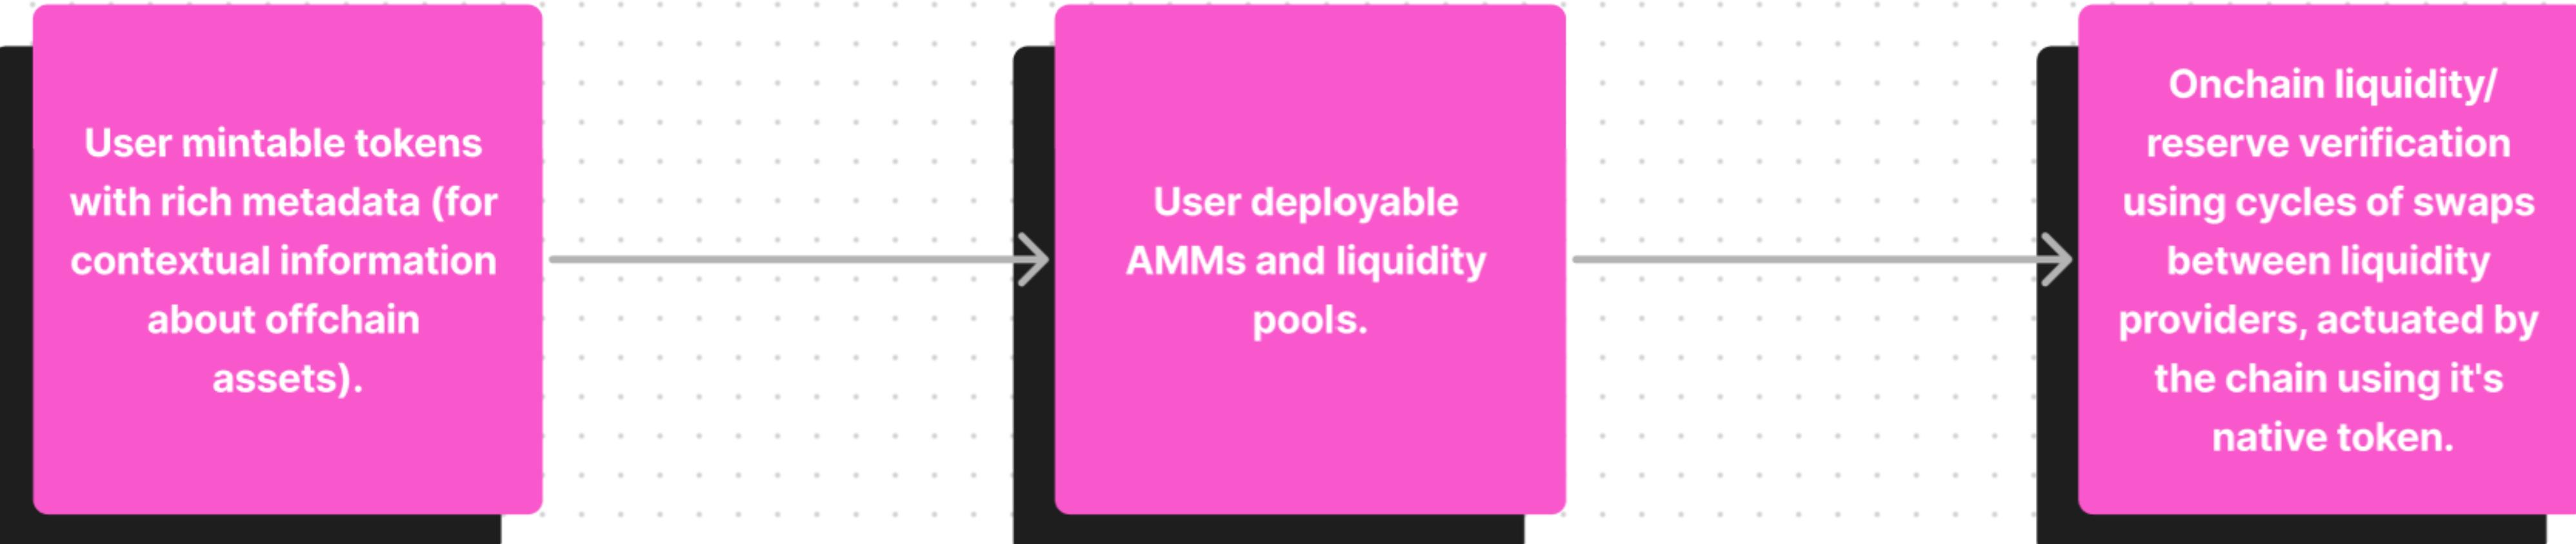

4

Automatically audit
reserves via chain logic.
